

Healthcare Recruitment Specialists

MedicsPro

Part of the Urban
Recruitment Group

About Us

MedicsPro have developed a business model that is built on providing the highest quality of compliant and skilled staff.

With focused customer service and a personable, professional approach, we endeavour to always meet your needs.

Founded in 2001, MedicsPro have built a solid reputation providing high quality candidates and excellent customer service, delivered by a motivated team of experienced recruitment consultants.

We offer staffing solutions across all medical sectors, supplying Nurses, Doctors, Allied Health Professionals (AHP) and Health Science Staff (HSS). Working in partnership with our clients, MedicsPro always endeavour to understand specific requirements, enabling us to deliver bespoke recruitment solutions.

**Excellence in
healthcare, everyday.**

In July 2009, MedicsPro was acquired by the Urban Recruitment Group and has continued to expand throughout the UK and into the international healthcare sectors.

Types of Recruitment

With access to our ever-increasing database of fully vetted and compliant candidates, we are confident in our ability to supply clients with only the highest calibre of medical professionals.

MedicsPro offer a range of staffing options to suit all requirements, and your requests will be dealt with by our dedicated specialist recruitment consultants.

Compliance

MedicsPro's experienced compliance officers work with registering applicants to ensure that they are fully vetted before being placed.

We strictly follow the NHS Employment Check Standards and are required to ensure that all Locum staff are fully compliant to these. The standards are embedded within the National Agency Framework Agreements and regular audits are carried out to ensure that our workforce meet the required criteria.

MedicsPro ensure only the best quality of candidates are placed in clinical settings by thoroughly vetting all applicants in line with NHS compliance guidelines. We employ an in-house clinical specialist team to interview candidates and obtain the required documentation and certification. Our training department assist candidates in coordinating training and education, whether it be to update previous qualifications or for further development.
